Payment Options

Losing someone you love is one of the most difficult times you will ever face. Our goal during this time is to guide you through the process of making arrangements that are both affordable and appropriate based on the needs and desires of your family. We believe in assisting families as a knowledgeable, trusted advisor throughout the planning process. We want to first understand your needs, concerns, and budget in order to offer our best guidance and professional advice. If you have any questions at any time, please do not hesitate to ask. Payment for services, merchandise, and cash advance items is due prior to services being rendered. For your convenience, we accept the following methods of payment:

- Cash
- Insurance Assignment
- Most Major Credit Cards
- Check
- Prearrangement Contracts Written by Most Funeral Homes

CREDIT CARD PAYMENTS

By using this service, you agree to pay a Security and Delivery Fee for processing your payment. For swiped cards that are presented in person, the fee is 2.828% of the payment. For cards that are manually entered into the credit card processing website (i.e. the cardholder and card are not present), the fee is between 3.5% to 4%. The effective rate for the Security and Delivery Fee will be quoted to you prior to your payment being processed.

PREARRANGEMENT CONTRACTS

We will review your prearrangement contract with another funeral home at no extra cost and advise you of any pending balance or lapse that may have occurred without your knowledge. Any costs that are not covered by the prearrangement plan will be the responsibility of the family and must be paid prior to services being rendered.

INSURANCE POLICIES

Life insurance policies may be used as a payment method if the insurance is able to be assigned to the funeral home. Bring your loved one's policy information to the arrangement conference so we may review the policy. First, we will verify that policy benefits exist and may be assigned. If the policy cannot be assigned (such as in the case with state or federal policies) we cannot accept it as a payment method. A policy with "Estate" as the beneficiary cannot be accepted because it is subject to probate. Please note: life insurance assignment incurs a processing fee of 2.75% of the assignable amount, plus a \$95.00 service fee for each policy processed, which is usually deducted from the policy benefits.

CASH ADVANCE ITEMS

For your convenience, we regularly coordinate with third party providers on a family's behalf to arrange for products and services such as newspaper notices and obituaries, flowers, police escort, and death certificates, etc. These third party costs are associated with a funeral but not provided by our funeral home. When these cash advance items are included as part of the funeral contract, payment for such services must be made prior to services being rendered.

BANK ACCOUNT FUNDS

If payment is made from a bank account of the deceased, most banks will issue a cashier's check payable to the funeral home without a death certificate. It will be necessary, however, to present a copy of the statement of goods and services to the bank.

Loan Option: In most cases, banks will advance a loan to a responsible borrower with adequate collateral. If you have a life insurance policy that is a state or federal policy, or a policy with the beneficiary listed as "Estate," you may be able to use these policies as collateral. Talk to your local banker about your options.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements. All ground receptacles may carry a setting fee. Interments on holidays, weekends and after normal working hours are subject to extra charges.
